

# Scott Jones

*Vice President of Information Technology*

Scott joined EdR in 2008 as a System Analyst and Network Administrator, and within two years was promoted to Director of Information Technology. He advanced to Vice President of Information Technology in 2015.

During his tenure, Scott has been involved with and responsible for much of the tremendous growth in the company's IT services and capacity as well as many of the enhancements and upgrades necessary to efficiently operate a nationwide corporation with approximately 40,000 customers.

A graduate of University of Memphis, Scott was the JD Edwards System Administrator at ServiceMaster Corporation before joining EdR.
