Lock Haven University of Pennsylvania

Overview

EdR provided Lock Haven University of Pennsylvania students a high-quality, private-bedroom living experience within walking distance of the campus.

EdR and NDC Builders developed the four-story, 108-unit apartment community. EdR handled design, financial analysis, financing and construction oversight as owner’s representative. NDC and Cardinal Construction Co. were contractors on the project. EdR manages the housing community and provides residence life programming.

Owned by Lock Haven University Foundation, this community accommodates 408 students in private bedrooms. All units are fully furnished and equipped with washers and dryers. Ninety-six units have four bedrooms and two baths, while 12 units are two-bedroom/one-bath apartments targeted to graduate students.

Phone, cable and data services are available to residents. The community has a swimming pool, a computer room, study room, social/TV room, an office, common area with kitchen and lounge. Parking is available for residents.
